Imaging Task, October 2003:

Document title: International List of Selected, Supplementary (and Auxiliary) Ships, WMO No. 47

Reference information: WMO (World Meteorological Organization), *International List of Selected, Supplementary and Auxiliary Ships*, WMO No. 47, Geneva, Switzerland, 1955- (serial publication; recently annual). Note: Editions prior to 1970 were titled *International List of Selected and Supplementary Ships*.

Background: Prior to the 1973 edition, World Meteorological Organization (WMO) publication No. 47 (1955-) was published and previously available only in paper form. This project imaged all the editions and supplements that could be located at WMO and from other international sources (Table 1). Reproduced by permission of the World Meteorological Organization. We gratefully acknowledge the assistance of the Japan Meteorological Organization (JMA) and the UK Met Office in providing photocopies of two editions.

Table 1: Editions and supplements of WMO No. 47 imaged for this project. Only one original supplement was located (1964); it is not known whether any additional supplements were issued.

1. The NOAA volumes were provided by WMO to the NOAA/Climate Diagnostics Center in 1994, except for the 1970 edition, which was available at NOAA/NCDC.
2. Organization provided a photocopy for this project.
3. The indicated supplements (Roman numeral = month) were successively applied to the original 1966 edition, resulting in one volume.
